

New catalog & checkout system information

On May 29th, the Library upgraded to a new shared online catalog and checkout system called CARL. In addition to the features you love about our current catalog, the new system offers easier searching, more relevant results, a kids catalog, innovative account features, effortless integration with eBooks and eAudio, and a new mobile catalog.

All of your holds will transfer to the new system. Library PINs are now restricted to six or less numbers. Any patrons who currently have a PIN that contains letters or are larger than six numbers will be assigned the last four digits of their phone numbers. When logging into your account in the new catalog, you will also have the option to create an EZ username and password. We encourage you to change your password to a unique number known only by you.

In preparation for the migration to a new system, MeLCat services will be suspended on April 1, 2018 with a tentative resume date of September 10, 2018.
