

A message from your Library Director,

March 20, 2020 – The White Lake Township Library is complying with the CDC, State of Michigan, and other expert recommendations for combating COVID-19. The library is closed to the public until those recommendations tell us it is appropriate to reopen. In the meantime, we are committed to providing you the best possible library service and resources given the constraints we all have to work with to protect our collective health.

Although the library is closed, I'd like to take this time to remind you of the materials and services we offer 24/7 via our website at whitelakelibrary.org. We have downloadable books, eBooks, eMovies, eMagazines, database/scholarly resources, recommended internet resources and much more.

Our website also has links to current, factual and reliable information about COVID-19.

We will post frequent updates and resources to our website, social media and to our e-newsletter. Subscribe to our newsletter by visiting our website.

If you have library items in your possession, we encourage you to hold on to them **fine free**. The book return will remain open and you can deposit items there if you wish. We are working to suspend messaging on all physical materials. If you receive a message about a hold or fines, it is safe to ignore it.

If you are having trouble with online services or have questions regarding your library account, please use the online contact form on our website at <https://whitelakelibrary.org/email.asp>. Librarians are working at the library or remotely from home. They will do their best to answer your question as soon as possible.

The library building's temporary closing will be a disruption, an inconvenience, and a loss for many. But rest assured that we will continue to support you in unique and creative ways and will make every effort to fill the information and entertainment void from the library's closure.

Best Wishes,

Denise Stefanick

Denise Stefanick, Director
White Lake Township Library
